## Xenon X-tremeVision +50% performance

The new Xenon X-tremeVision with 50% more performance (compared to a standard xenon lamp) is the first +50% xenon lamp. It is simply the safest and the most powerful homologated xenon lamp on the market.

- More light on the road
  - Where most needed by the driver
  - Longer beam to see obstacles earlier
  - Improved side perception
- More brightness
  - More visual comfort
  - Color temperature 4800K

Suitable for cars, buses and trucks
